A NEW BOOK! by G. B. McCutcheon. GRAUSTARK! The story of a love behind a throne. The greatest novel of the Twentieth Century. The Chicago Tribune says: "Lovers of a good, rushing novel with abundance of thrill and dash in it can turn with confidence to 'GRAUSTARK,' and having taken up the book it is safe to say the reader will not lay it aside until it is finished, for the story is one that interests from the first with an interest that does not lessen or lapse anywhere throughout the book, and the reader, once under the spell, is not apt to wish to escape until he knows 'how it all comes out.' The tale is undeniably entertaining, is told with fine rapidity, and the characters live and act constantly and untiringly.'
